▲To that end, they built a small submarine called Arclight, which is essentially a monitor on a waterproof leash that hangs about 3.5 feet below the surface of the water and reports back to a person on shore via a fiber-optic network. The system runs on solar power, using a "dual-fuel" battery that can run on either gasoline or a combination of solar and wind power. K12 integrates data about weather, currents and fish populations into an online ecosystem that helps trainers improve their skills. It's the vehicle through which Buhler and his team can track trends that may help them predict which fish are most likely to survive, whether the best way to evaluate their marine life is through the glass or swim-tunnel method, and how to deploy the proper sound-isolation solutions to make marine noise research as ecologically valid as possible. To check out the prototype in action, check out the video above. A fully-operational prototype is scheduled to be built in the next 12 months.Amazing Savannas, ancient spectres, and...Tatty [Parents] A while ago I wrote a post about filmic techniques that I thought were particularly interesting. Savannas came up in the comments as being an example. I then saw that T.O.M. (we're a big fan, btw), had a Savannas series of her own. So I thought I'd take a closer look at what was described as an "animated documentary" and "wildlife documentary". First off, it's a damn bit different from your everyday "animated documentary." In fact, it seems like a whole new genre that just grew out of documentaries, which is probably a good thing. Tatty and Friends is actually based on the authors' own life – as a mum and dad – and tries to capture what it's like to be a parent. Of course, it doesn't really show you the "what" but just the "how" but the films are enough to show you that it's a pretty amazing (and very exhausting) experience. I think these films would help parents understand how wonderful it is to be a parent for the first time or to learn more about the intricacies of their own ch

How to Play ELDEN RING GAME in Solo Mode: - FEATURES: The Role of Leader: As a leader of the Elden Ring, the top clans prepare the way for the new fantasy action RPG, ELDEN RING. This game is compatible with PlayStation Vita. - YOUR STORY: The hero of ELDEN RING was once the faithful Nyree Rynin, a wicked and cunning elf warrior. He was once a Champion of the Elden Ring and a servant of a human king. He was once an idol of the people, and then, he was betrayed and turned into a servant of the same King. Rejected, he fled into the unknown Lands Between. Now the mysterious world of ELDEN RING is his last hope to find a path back to his former life. - AN UNEXPECTED ARRIVAL:

A red-haired man, voice like thunder, arrived in the east from the Undiscovered Land. A man who belonged to the human King. He is a King and an Elden, an ordinary man, but the strength of his will is more than anybody. He is willing to go to the Land Between and then again lead the ELDEN RING. He will lead his three companions to bring Nyree Rynin back to his world, and help him find what he is looking for. - UNUSUAL AND UNIQUE SYSTEMS: Character Customization: You can freely choose the weapons, armor, and magic you equip. You can develop your character according to your play style, such as increasing your muscle strength to become a strong warrior, or mastering magic. Fantasy Action Game: As a game with strong fantasy elements, the ELDEN RING game utilizes fantasy elements, such as high-quality graphics and animation, and lets you experience a visually rich fantasy world. Epic Drama with Various Characters: The story of the ELDEN RING is told through multiple perspectives of the three companions of the hero. You will meet different characters with their own personality and reason for joining the ELDEN RING. The Lands Between: The Lands Between is the fifth land of Ryquax in ELDEN RING game. It is a land of boundless possibilities, and the battle for

What's new:

• Your Character Must Survive?

This project has a lasting legacy whose aim is to expand the magic of RPGs in a positive way. In addition to implementing a story that has not been seen in RPGs before, we want to preserve the feel of RPGs and create a work with the qualities of a long lasting one.

Are you ready to adventure across the world? Are you ready to challenge the challenges that have never been overcome before? Are you a new user, an old user who has spent many years in the RPG world, a hero or a cowardly character?

Create and play as your favorite character and enjoy the task of getting to a new place in an event full of excitement.

Then, there are many other aspects of the game that we hope you will enjoy, such as the many elements for customization, complicated systems and features, or the charm of animation.

Several things about this project was the 'ideal design' had not been known when this first began. This is an example of an ideal design that was not the best choice. For this reason, if the initial design had not begun with a Nintendo-Nintendo relationship - this would be the result without a RMBG. A few examples of things that the product itself continues to suffer due to the unnecessary loop in the game... I'm pretty confident that these events will be received
