This is a non-paid program. You may choose to skip the interaction with the dolphin and just view its behavior from a platform on the lagoon. However, the remaining time that is left will be included in the dolphin swim program. The dolphin swim program includes a welcome drink and soft snacks. Upon arrival at the facility, please report to a stage area that has a presentation about dolphins and where your dolphin swim will take place. This is where you will be instructed to drop your valuables in a locker. Next, you will be fitted with a snorkel mask and headphones. The snorkel mask will not be taken off until the swim is over. Once the dolphin swim is complete, we will return to the stage area. You are then free to swim in the lagoon or go back and make purchases. Please report to the stage area by the end of the program. If you wish to swim with your dolphin friend, please report to the stage area by the end of the program. You will then be taken to a platform. You will be given a towel and some soft food. The dolphins will approach you and you will then get to know your dolphin friend, with a handshake, a peck on the cheek, and a special song for you. The dolphin will also delight you with its playful skills. The interaction lasts approximately 40 minutes. Please enjoy your time with your dolphin and

take in its beautiful shape. For your safety, we ask that you swim out of the Plexiglass viewing area. The strong bonds between humans and dolphins make for an uplifting encounter. The animals swim in a tight group or school and are often followed by an adult dolphin that offers them protection and companionship. They are among the most highly social animals, and captive environments, including marine parks, can cause these animals to live in isolation. 5ec8ef588b
