Sanskrit Dhatu Manjari Pdf

[Download]

the dhatu rupavali is the best book of sanskrit grammar, because the author is yajnavalkya, who is regarded as the father of sanskrit grammar, and it is considered to be the first book in sanskrit which has the system of grammar as the basis. the superiority of sanskrit language is known to every one. with the name of world's oldest and largest language, the concept of sanskrit language is understood by each and everyone. the language is so powerful that it can be used to develop computer software. in sanskrit, grammar is very well defined and rules are well understood. in sanskrit there are numerous words to describe different objects and there are only few words that mean the same. sanskrit gives you a different meaning from the same words in english. without understanding the difference, the ignorance can lead to confusion and misunderstanding. knowledge of the native language and its literature is essential for all students. this book is a source for the same. the author, k.l.v. sastri, has clearly explained the declensions of words in the first few pages. the word 'an' appears to be the most common and important word of the language. the word 'an' appears to be the only verb to show the basic declensions. it is just like the english word 'an'. we can add the word 'an' to adjectives to form the new words. we can add 'an' to the nouns to form the new words. in this way we can form many new words in the same way as in english. the nouns of sanskrit have a number of declensions to show their gender and the number of persons and objects. the declensions of the nouns are clearly explained in the books.
